Create Something Amazing.

Building a custom home takes time and money, so the finished product should be nothing short of amazing.

For more than 20 years, locally owned and operated boutique firm Design Associates Architects led by Christopher Lee has specialized in creating remarkable custom residential

architecture throughout the Jackson Hole and Rocky Mountain region.

Through a collaborative design process and personalized service, clients' unique expectations are realized with Design Associates.

Design Associates Architects combines experience with cutting-edge technology to passionately design and build unforgettable spaces.
